

The garden, “tool” that wipes out weeds with no drift, even on a windy day. This, unique to the industry, hand-held weed wiper puts solution exactly where you want and it will save you money on chemical use. The Hand-Held Dauber gives the user more options when it comes to deciding what solution to use when attacking your intrusive plants or weeds. The cellulose sponge design requires no adjustment by the user and its lightweight design makes using our Dauber convenient for lawn and garden use.

(USER MANUAL)

Operating Instructions

Thank you for purchasing the Dauber. Please follow the directions provided carefully. Smucker Manufacturing makes no guarantee of any and all chemical use through the sponge application. The sponge applicators are made of industrial-strength, crusted sponge that remains saturated with chemical to wipe directly onto weeds. Please read your chemical label and handle with care.

When operating the Dauber for the first time, we highly recommend that the operator runs water through their Dauber head before operating with chemical. Find a safe place, such as pavement, to begin the process of filling your Dauber head.

To fill, simply unscrew the red cap at the top of the Dauber and pour chemical until the stick is full. Before screwing the cap back on, allow the dauber sponge head to fill up with solution with the help of gravity. Re-fill your stick after your sponge is saturated, and attach the cap back to your dauber. Each time you press the sponge on an undesired plant or weed, the dauber will automatically refill your sponge until you run out of solution.

Maintenance Requirements

Do not store the system over the off-season with chemical in the lines. A film will form on the tubing and can plug the small feedholes. Avoid this by flushing your system thoroughly with water at the end of each use. You may also choose to spray the sponge with water to remove chemical, which may cause the sponge to harden, after every use. After each use, be sure to store your Green Weeder sponge in a dry place, out of direct sunlight.

Be sure to use gloves when handling the sponge after use.

The Dauber head is replaceable and over time can wear out and be replaced. To ensure a long life for your Dauber, follow all maintenance requirements.

Replacement Head Instructions

To replace your Dauber head, put channel locks on the coupling on the handle and another set to remove and replace the new head. Tighten the replacement head, but do not overtighten. There should be a few threads visible.

Policies and Information

Prices

Smucker MFG Inc. reserves the right to make changes in design, material, specifications, or price without notice or liability thereof. Prices are subject to change without notice, and orders will be processed according to prices in effect at the date of shipment unless notified otherwise.

Prices are FOB from Harrisburg, Oregon based on availability unless otherwise specified.

Shipments

United Parcel Service and common carrier will be prepaid and charged to the customer unless otherwise specified.

Call for quotes on special orders and orders outside the continental US.

Return Policy

No merchandise should be returned to Smucker Mfg., Inc. for credit unless accompanied by a return authorization number from our company. You will receive credit for the full amount of the return, if the merchandise is returned within 30 days of the invoice date. Any merchandise that is not returned within 30 days of the invoice date is subject to a restocking fee of 15%. Contact your Smucker dealer for return information.

Merchandise that has been special ordered cannot be returned for credit. Non-stock items returned for credit will be subject to vendor's return policy.

Damaged merchandise-shortages

Check merchandise immediately upon receiving shipment. Damages and shortages due to carrier damage must be claimed with the delivery carrier. Shortages must be claimed with Smucker Mfg. Inc. within five days of receiving the shipment.

Warranty for Distributed products

No one shall make any warranty, either implied or expressed, as to the performance, efficiency, or other capability that has not been stated in the manufacturer's guaranty.

The manufacturer's policy will determine any replacement of defective materials or workmanship, installation, use, and other causes beyond the replacement of defective parts.

Warranty for manufacturer's products

All products manufactured by Smucker Mfg. carry an industry leading guaranty, extending two full years from the date of purchase. Should there be any sort of defect or failure in that period with the unit or part(s), contact the Smucker Mfg. dealer that you purchased from for detailed information.

Contact

Please contact the dealer you purchased the product from for any questions concerning your purchase.
